Career Objective

Full Stack Developer with expertise in **Java, Spring Boot, React.js, and MySQL**. Passionate about building scalable web applications and implementing best coding practices. Experienced in **Agile development, SDLC, RESTful APIs, and database management**. Seeking a role to contribute technical skills in software development and grow within a dynamic team.

Key Skills

- **Programming Languages:** Java, JDBC, OOPS, REST APIs
- **Web Technologies:** HTML, CSS, Javascript, React.js
- **Database Technology:** MySQL
- **Frameworks:** Spring framework, Spring Boot
- **Version control:** Git, GitHub
- **Dev technologies:** SDLC, Agile
- **IDE:** Eclipse, VSCode

WORK EXPERIENCE

COGNIZANT - Agile Methodology Virtual Internship (REMOTE, Oct 2022 - Nov 2022)

- Worked in an **Agile development team**, gaining hands-on experience in sprint planning, backlog refinement, and Agile ceremonies.
- Assisted in the development of a **Prototype web Application**, implementing Agile principles.
- Developed knowledge in **Software Development Life Cycle (SDLC)** and variance analysis.

ACCENTURE - Developer Program Virtual Internship (REMOTE, Aug 2022 – Sep 2022)

- Developed a **CRUD-based web application** using **Java, MySQL, and RESTful APIs**.
- Implemented authentication and session management for secure data handling.
- Acquired in-depth knowledge and skills of project and software Development.

EDUCATION

Master Of Computer Application (MCA) - Osmania University Post Graduation College (07/2022)

Bachelor Of Computer Science (B.Sc computes) - Noble Degree and PG College (04/2018)

Intermediate with MPC - Sri Gowthami Jr College (03/2015)

SSC - Govt High School (03/2013)

PROJECTS

1) DEVELOPMENT AND IMPLEMENTATION OF SECURE WEB APPLICATION USING SSL ALGORITHM

Tech Stack: Java, JDBC, Spring Boot, HTML, CSS, Javascript, React.js, MySQL, SSL, Tomcat

- Responsibilities:
 - Developed a **secure web application** with **end-to-end encryption** using **SSL/TLS**.
 - Implemented **data encryption and decryption** at sender & receiver sides for secure communication.
 - Ensured **data integrity and protection** using cryptographic algorithms.

2) Portfolio Website

Link: [Portfolio](#)

- Designed and developed a **responsive personal portfolio** showcasing projects and skills.
- Utilized **HTML, CSS, JavaScript**, and hosted it on **GitHub Pages**.

3) Jamming (React.js Project)

Tech Stack: React.js, Spotify API

- Built a **music playlist web app** using React.js and integrated with **Spotify API**.
- Implemented **state management** for optimized performance.
- Created a **dynamic UI** allowing users to search and create playlists seamlessly.

CERTIFICATION

- 🏆 **Java Full Stack Developer Certification – Generation India** (*Java, Spring Boot, React.js, MySQL, GitHub*)
- 🏆 **Agile Methodology Virtual Internship – Cognizant**
- 🏆 **Developer Program Virtual Internship – Accenture**
